1.4 Venue Update – Andrew Luther – **Action Item**

*The Ford Idaho Center has many sport events coming up over the next few months, as of this report there are no open weekends until late June. The Civic Center is also booking events and selling reader board ads. Many events are being booked, but the crowd sizes look different. There are currently seven staff spots open and the workload is a lot for the current team. Looking forward, the commission could help the venues by looking at master planning and the addition of RV spaces to service the events at the Ford Idaho Center/Horse Park. **NO FORMAL ACTION***

2. Open Discussion –

Commissioner Wroten gave an overview of the status of the Nampa Tourism Development Council (NTDC) and their efforts to get an auditorium district option on the ballot. The signature collection effort was put on pause due to COVID and the group will reevaluate as things open back up.
