News Release

Wilson Creek Pathway Closure

(June 21, 2013) – Wilson Creek Pathway between Iowa and Lake Lowell will have closures the first part of next week while crews seal coat the pathway.

Crews will be working from 7am-5pm Monday (6/24) and Tuesday (6/25). The plan is to complete the work in sections with fencing closing off the area where work is being done.

Signs on the pathway will also warn those who enjoy walking and biking on the trail of the work being done and the closures required.
