Homeowners Erosion and Sediment Control Compliance Notice for Minor Improvement Projects on Residential Sites Less Than One Acre

PROJECT INFORMATION

*Homeowners Name: _____ Residence Address: _____

Home Phone: _____ Mobile: _____ E-mail: _____

Project Start Date: _____ Project End Date: _____

Project Description:

RESPONSIBLE PERSON

*Nampa Homeowner ESC Number: _____

***ESC Homeowner Number will be filled in by City of Nampa Personnel**

* The Homeowner Responsible Person(s) must review appropriate Erosion and Sediment Control (ESC) information provided by the City of Nampa. Homeowners are required to comply with all local, state and federal ESC requirements. The Responsible Person shall be on site during all construction or grading activity. This 'Nampa Homeowner ESC Number' is valid only through the duration of the project listed.

CONDITIONS OF APPROVAL

This General Permit application may be submitted instead of a designed plan provided the applicant can demonstrate that the project is the construction, demolition, or site development of a residential project less than one acre in size. The approval of this permit does not relieve the applicant from complying with any and all Federal or State laws and regulations. In the event the applicant fails to provide adequate control under the provisions of this permit, the Public Works Department reserves the right to require additional control measures as necessary OR require the preparation and implementation of an erosion and sediment control plan.

GRADING

At any location where sediment-laden run-off may exit the property, perimeter, controls will be installed to prevent sediment from being transported off-site. Any sediment transported off-site to roads or road rights-of-way including ditches shall be removed. Any damage to ditches shall be repaired and stabilized to original condition. Grading shall not impair surface drainage, create an erosion hazard or create a source of sediment to any adjacent watercourse or property owner.

OPERATIONS

The applicant is responsible for preventing the tracking of mud or dirt upon the public right-of-ways, and the cleanup should tracking occur. Construction material shall not be placed in a manner as to interfere with or block the passage of stormwater runoff. No materials or supplies shall be placed on the public right-of-way (streets or sidewalks) unless permitted. Control measures shall be in place to prevent particulate matter from becoming airborne from any construction activity or operation. Stormwater inlet structures shall be protected from sediment during construction. Control measures shall be implemented for proper disposal of construction and building wastes; paint and other chemicals used during construction and site clean up.

***Homeowners Erosion and Sediment Control Compliance
Notice for Improvement Projects on Residential Sites Less Than One Acre***

STABILIZATION

Temporary stabilization of the construction site shall be completed to the surface of all disturbed areas within 10 days of clearing or inactivity in construction. When in-channel work is conducted, the channel shall be stabilized before, during and after work. Swales or other areas that transport concentrated flow will be stabilized with erosion control matting or sod.

OTHER CONDITIONS OF APPROVAL

Erosion Control Guidelines for Home Improvement Projects

Initials

- _____ Project disturbs ten (10) cubic yards.
- _____ I am the homeowner who will be the contractor.
- _____ Keep all trash on site in a designated trash bin.
- _____ Placement of dirt, gravel or any construction material on the public right-of-way (street, gutter, sidewalks) is strictly prohibited.
- _____ Absolutely **No** track out of mud or dirt onto the public right-of-way is allowed. If sediment is tacked out onto the road or sidewalk it is to be cleaned up immediately. Clean up of sediment track out is to be swept and not washed away with water.
- _____ Control excessive dust and protect all unstabilized exposed soil from wind and stormwater runoff.
- _____ Dispose of concrete, paint, chemicals, and hazardous materials in the approved method.
- _____ If applicable, protect all storm drain inlets in the vicinity of the project site.
- _____ Post an approved City of Nampa Homeowners Erosion Control Permit (Yellow 8½ x 11 Sign) for Home Improvement Projects at or near the project entrance.

I have read and agree to the terms and conditions of this Permit. I certify that I will comply with these terms and conditions

Applicant's Name: _____ Applicant's Signature: _____

Date: _____ **Permit Fee:** \$58.00 + \$5.00 (base permit fee) = \$63.00
