

Nampa's sign regulations are found in Chapter 10.23 of the Nampa Municipal Code. This brochure summarizes the regulations for exempt signs

Signs in the public right-of-way in violation of the standards of the code will be removed by the City of Nampa and may be discarded.

Violators of the sign code are subject to citation and fines.

NOTE: This brochure is a brief summary of the regulations, but is in no way all-inclusive.

▶ Exempt Signs within the City of Nampa

"Balancing the need for adequate & effective signage while preserving the visual character of the Community"

EXEMPT SIGNS

The following signs are exempt from the provisions of this Chapter, except that exempt signs shall still comply with the requirements of Section 10-23-3 (D) No signs permitted in right of way, access easement or within any vision triangle

Balloons 12" or less in diameter
One (1) door or wall sign up to a maximum of two (2) square feet
Two (2) Directional or instructional signs, per property, provided such signs are less than six (6) square feet in area
Historical markers erected or maintained by public authority or by a historical society or historical organization identifying sites, buildings, or structures of recognized historical value
Holiday decorations and signs of a decorative nature, incidental and commonly associated with any national, local or religious holiday, provided vision triangles are maintained
Hospitals or city public facilities shall be allowed signage in accordance with BC zoning sign standards in Chapter 10-23 even if such structures are located in a non-BC zoned district
House and Building Numbers
<p>Interior Signs:</p> <ol style="list-style-type: none"> 1. Non-illuminated interior signs in commercial and industrial zones including, but not limited to, signs attached to or painted on the inside of a window; provided, however that the total coverage of the window area does not exceed 50%. Signs in the Downtown Districts must comply with requirements specific to their zone. 2. Illuminated interior signs intended to be viewed from the public sidewalk, street, highway, alley, plaza, park, or other similar public space; provided, however, that the sign does not flash or employ an effect, and does not exceed eight (8) square feet in display surface. Signs in the Downtown Districts must comply with requirements specific to their zone. 3. Non-illuminated interior signs not visible from the public right-of-way, public sidewalk, street, highway, or alley. Signs in the Downtown Districts must comply with requirements specific to their zones.
Murals and Public Works of Art as defined in Section 10-23-2
Official traffic control signs, to include Way-finding signs
Permanent buildings plaques, cornerstones, name plates, and similar building identifications, one non-illuminated or externally illuminated sign not exceeding one (1) square foot in area
Signs required to be erected by public officers pursuant to law or by order of the court
United States and Government Flags
Temporary signs authorized by use within City Parks or on City Owned Property
