Certificate of Occupancy Application

General Information:

- Permit applications must be filled out in their entirety. Missing or incomplete information will cause delays in the processing of the permit application.
- Proposed occupancies that have chemicals stored must submit the MSDS sheets for each of the chemicals.
- This application is to be used by any new tenant to obtain a Certificate of Occupancy for a previously occupied space, when no work, or only minor cosmetic work is to be done prior to occupancy.
- Only minor work not regulated by the building codes is allowed under this permit. Allowed work includes: replacing or installing floor finish, interior paint or wallpaper, installation of display counters and shelving eight feet high or less.
- Electrical, plumbing and mechanical work require separate permits from the Building Department.
- Modifications to existing fire sprinkler or alarm systems require separate permits from Nampa Fire Department.

Certificate of Occupancy Application

Required Submittal Documents

- 1 copy of the Floor Plan on 8" x 11" paper (minimum size)

Plan Review Schedules:

- Certificate of Occupancy are not expected to exceed five (5) working days for the *initial* review. This time frame can be subject to change depending on workload.

Required Inspections

- Any code deficiencies identified during the inspections must be corrected before a Certificate of Occupancy can be issued. If the deficiencies require a building permit the applicant must fill out a Tenant Improvement (TI) application.
- At a minimum, the following inspections are needed:
 - 1) Structural/Building Final Inspection
 - 2) Knox Box Key: Contact the Nampa Fire Department 208-468-5770 for a Knox Box application or to have keys in the existing box updated.
 - 3) Address numbers shall be a minimum 10" in height and shall be contrast with their background. Address numbers shall be in plain sight from the street or roadway.
 - 4) Portable fire extinguishers with a minimum rating 2A-10BC maximum distance of 75' per 2015 IFC. Class K for commercial kitchens maximum distance of 30' from cooking equipment.
 - 5) Smoke detectors, fire alarms and fire sprinklers inspected for compliance with the International Fire Code.
- If there are other related trades permits (mechanical, electrical and plumbing), inspections for these are also required.

NOTICE AND DISCLAIMER:

The issuance of a permit or stamping of the plans and specifications “APPROVED”, shall not be held to permit or approve the violation of any state law, city ordinance, or building code provision even though a violation may have been overlooked when plans were reviewed by City Staff.

It is the sole responsibility of the applicant to assure that the information on the site plan, such as but not limited to: the dimensions of the property, distances of all structures to property lines, and distances between structures, easements, and setbacks, are true and accurate. It is the applicant, contractor, or property owner’s responsibility to assure that all improvements will be in compliance with the approved site plan.

The issuance of a building permit does not affect or change the rights or duties of parties to any public or private restriction or easement relating to the use of land, including, but not limited to private covenants (CC&Rs) or easements for: access, conservation, construction, development, ingress/egress, maintenance, repairs, parking, roads, utilities, or other purposes. Fences and other structures are erected and maintained upon easement areas at your own risk, for which the City of Nampa disclaims any liability. You may be required to move or remove a fence and other structure in the future if requested to do so by a party holding or benefited by an easement.

Variiances will not be granted based upon errors, omissions, mistake, neglect, or inadvertence of the City Staff in the granting of a building permit not in full compliance with the Zoning Code or Building Code of the City of Nampa. The City reserves the right to require Certified Survey Maps or Plats if it is deemed necessary to verify compliance.
