Notice to all applicants: This checklist is designed to provide the basic information needed to allow the various agencies within the City to complete a plan review of the proposed project. The basic requirements outlined below may not be all inclusive.

D e c l a r a t i o n

I hereby certify that I have read and examined the application and the attached checklist. All provisions of laws and ordinances governing this work will be complied with, whether specified herein or not.

Name (Please Print): _____

Signature: _____ Date _____

N o t i c e

All permits expire 180 days from the date of their issuance or the date of the last inspection. Expired permits will require reactivation at such time that the responsible party decides to complete the project. Reactivation fees will be required on all permits.

A Building Inspection is required on all demolition permits prior to the approval of such demolition permit. A final inspection is required after completion of such work. In addition, electrical, mechanical, and plumbing inspections are required on any utilities being abandoned and/or capped off.

Contractor Registration Declaration

As of January 1, 2006, the Idaho State Statute 54-5209 requires that:

"No Building Inspector or such other authority of any county, municipality or district charged with the duty of issuing building permits or other permits for construction of any type shall issue any permit without first requesting presentment of an Idaho contractor's registration number; provided however, a permit may be issued to a person otherwise exempt from the provisions of this chapter provided such permit shall conspicuously contain the phrase "no contractor registration provided" on the face of such permit.

To comply with this state statute, The City of Nampa Building Department requires a registration number be supplied with the permit application. A permit application is incomplete without this information, and cannot be processed until a registration number is provided, or the permit applicant declares themselves to be exempt per the exemptions listed in Idaho State 54-5205. Please complete the following addendum and submit it with the standard building permit application.

I certify that:

- _____ is my Contractor Registration Number issued by the State of Idaho as required by Chapter 52, Title 54 of the Idaho State Code and that such registration is current as of today.

- I am not providing a contractor registration number because I am exempt per Idaho State Code 54-5205

I understand that acting in the capacity of a contractor within the meaning of Idaho State Code Chapter 54 Title 52 without a current registration with the Idaho Bureau of Occupational Licenses or without being exempt as defined in 54-5205 is a misdemeanor punishable by a fine not to exceed one thousand dollars (\$1000) or by imprisonment in the County jail for a term not to exceed six months, or by both such fine and imprisonment, at the discretion of the applicable court.

Compliance Notice for Site Development and Erosion, Sediment & Fugitive Dust Control On Construction Sites and Right-of-Way Less Than One Acre

Building Permit #		EROSION PERMIT #	
DATE OF APPLICATION:	PROPOSED START DATE:	PROPOSED END DATE:	
CONTRACTOR:	PHONE#		
RESPONSIBLE PERSON	RP CERTIFICATE #	EXPIRATION Date:	CELL/PHONE#
REPERSONABLE PERSON ADDRESS:	PHONE #	CELL #	
JOB SITE STREET ADDRESS		CROSS STREET	
DESCRIPTION OF WORK:		LOT, BLOCK, SUBDIVISION NAME	

* The Certified Responsible Person (s) must possess a valid City of Boise Responsible Person Certification number. Responsible Person Training Class information is available upon request. The Responsible Person shall be on site during all construction or grading activity.

CONDITIONS OF APPROVAL

This General Permit application must be submitted with a Specific Construction Site Discharge Plan with BMP details and signed by a plan designer. This General Permit application is for the construction, demolition, or site development of a project less than one acre in size. The approval of this permit does not relieve the applicant from complying with any and all Federal or State laws and regulations. In the event the applicant fails to provide adequate control under the provisions of this permit, the Public Works Department reserves the right to require additional control measures as necessary OR require the preparation and implementation of an erosion and sediment control plan.

GRADING

At any location where sediment-laden run-off may exit the property, perimeter, controls will be installed to prevent sediment from being transported off-site. Any sediment transported off-site to roads or road rights-of-way including ditches shall be removed. Any damage to ditches shall be repaired and stabilized to original condition. Grading shall not impair surface drainage, create an erosion hazard or create a source of sediment to any adjacent watercourse or property owner.

OPERATIONS

A temporary access road shall be provided at all sites. The applicant is responsible for preventing the tracking of mud or dirt upon the public right-of-ways, and the cleanup should tracking occur. Construction ramps shall not be placed in a manner as to interfere with or block the passage of stormwater runoff. No materials or supplies shall be placed on the public right-of-way (streets or sidewalks) unless permitted. Control measures shall be in place to prevent particulate matter from becoming airborne from any construction activity or operation. Stormwater inlet structures shall be protected from sediment during construction.

Control measures shall be implemented for proper disposal of construction and building wastes; paint and other chemicals used during construction and site cleanup.

STABILIZATION

Temporary stabilization of the construction site shall be completed to the surface of all disturbed areas within 10 days of clearing or inactivity in construction. When in-channel work is conducted, the channel shall be stabilized before, during and after work. Swales or other areas that transport concentrated flow will be stabilized with erosion control matting or sod.
